## Our House

## Your Home

Friends of Matthew House,

A house is a structure, made from building blocks of bricks, stone, shingles and wood. It also has windows, doors and floors. A home, however, is a name for a special place that has a loving "family" who take care of one another. Its building blocks are unselfish acts of kindness and sharing towards one another that makes a

house a home. A recent guest,

Nina Van De Lister wrote, "if these walls could speak, the walls of Matthew House, they would tell you that the very foundation, the nails, the wood, the paint-every material of its structure is infused with love."

Home is the place where we feel comfortable and comforted. It is where we are safe and secure against this ever-changing world. When peace is truly found, home is also a feeling we carry in our heart always. When we are willing to carry that feeling in our hearts, we can turn any house into a home. We often say at Matthew House, behold this special home, bountiful with care, helping hands and loving hearts. People with love to share and pillows to lay down your weary head. A sanctuary to call your own with soft throws to wrap around your soul.

With the passing of time, the structure here at Matthew House has grown old, but the memories and love have remained steadfast. Renovation can be thought of renewal and our recent project has provided just that, and we are grateful to the caring community that supports it. Janet Newman, a founding board member, recently returned to Matthew House as a volunteer. She commented that upon being welcomed back into the loving space, she knew she had come back home. While noticing the many interior changes and organizational growth, Janet reflected that, "the best part of Matthew House remains the people who lovingly care for it."

As we look towards the future, our wish is to continue to provide a home full of peace, contentment and care. A home full of love and memories to share. A home filled with laughter and at times a sprinkle of tears. A home to last our community for years!

## From the Board Treasurer

Dear Friends of Matthew House,

It has been just over three years since the Building & Grounds Committee sat down to discuss potential renovations to Matthew House. Our goal from the onset was to create a functional space in the west wing of the home, that allows families to be comfortable in a warm and caring environment during the end-of-life journey.

Fast forward to today, much of the interior work is complete and our home is setup to better serve our residents and their families. Thanks to the hard work and commitment from our volunteers, staff,

and board, Matthew House is better equipped to serve those in need. We have expanded the resident bed and bath making it more functional for our residents and families. The office space, laundry room and staff bath were all added during this renovation as well as updated flooring.

The first part of this renovation project was made possible, thanks to the generous funding from our donors, businesses, and foundations. We would also like to thank the architect and construction team who allowed us to keep the house up-and-running for portions of the project.

With Spring around the corner, we are excited to begin the last phase of our renovation; replacing the exterior siding and roof. I would like to genuinely thank everyone who has contributed over the last three years to make our committee's vision a reality. These updates will ensure that Matthew House can continue to serve the community for years to come.

A handwritten signature in black ink that reads "Tim Carr".
